DUAL 15 WORKSTATION

Imagine -
then transform.

TRANSFORM your computer-based system with the styling and efficiency of a Dual 15 workstation. The name is derived from two 15° angles in the desk's design, giving it both enhanced utility and a unique appearance.

Your dream studio
just got closer.

Dual 15 workstations are shipped disassembled for easy installation. Chassis components are made of 19mm and 32mm MDF to provide durability, strength, and density for minimal acoustical influence. Chassis design defeats thermal buildup and permits easy cable access. Enclosed utility area separates, conceals, and protects vital gear and cabling. Configurable rack modules provide flexibility to accommodate different system configurations. Patented design.
