

RADIUS Signature 67 / 78 Sit-to-Stand Desk

Radius Signature Sit-to-Stand desks boast quad actuators for best in class lifting capacity and stability. Radius Sit-to-Stand desks have a lifting capacity of up to 400 lbs *evenly distributed and an exclusive patented stability system that keeps the desk top stable at every height. Available in two widths, the Radius Signature features a dropped monitor/rack platform for optimal line of sight at the operator position. Radius Sit-to-Stand desks have a 3 position memory setting so you can go from sitting to standing at the touch of a button. Radius desks are made from real wood, hand finished solid hardwood trim, hardwood veneers and laminates over birch plywood construction for lasting durability and beauty. Optional accessories include: independent top racks, up to (3) on the 67 and (4) on the 78 model, in 4 or 6RU space configurations, pull out accessory drawer, articulating monitor arms, IsoAcoustics isolating speaker platforms, and more. Handcrafted by master craftsmen in Missouri. Operates on 110-240v, 50/60Hz, 600W. Indoor use only. Ships on pallet. Some assembly required.
