

RADIUS Composer 61-1 / 88-1 Sit-to-Stand Desk

Radius Composer Sit-to-Stand keyboard desks boast quad actuators for best in class lifting capacity and stability. Composer Sit-to-Stand desks have a lifting capacity of up to 400 lbs *evenly distributed and an exclusive patented stability system that keeps the desk top stable at every height. Available in sizes for most 61 and 88 note keyboards, Composer 61-1 and 88-1 features a large keyboard pull-out tray to optimize desk area and studio space. Be sure to check dimensions listed to ensure your keyboard equipment is compatible. Composer Sit-to-Stand desks have a 3 position memory setting so you can go from sitting to standing at the touch of a button. Radius Composer is made of real wood, hand finished solid hardwood trim, hardwood veneers and laminates over birch plywood construction for lasting durability and beauty. Optional accessories include: independent top racks in 4 or 6RU space configurations, articulating monitor arms, IsoAcoustics isolating speaker platforms, and more. Handcrafted by master craftsmen in Missouri. Operates on 110-240v, 50/60Hz, 600W. Indoor use only. Ships on pallet. Some assembly required.
