90V SERIES

FEATURES AND TECHNICAL SPECIFICATIONS

90V Series consoles ship disassembled for easy installation. *Free shipping within the continental United States.

Chassis components are made of 19mm and 32mm MDF to provide durability, strength, and density for minimal acoustical influence.

Open chassis design defeats thermal buildup and permits easy cable access. Enclosed utility area separates, conceals, and protects vital gear and cabling.

Producers desk inserts provide additional workspace and flexibility to accommodate different configurations.

Patented modular expandability allows 90V Series chassis to be configured in width from 7.5' (228.6cm) to 19.6' (598.4cm) in 29.2" (74.2cm) segments.

V Series profile with V1000 rack module.

V Series profile with V1003 rack module.

V Series profile with V1503 rack module.

V Series profile with V1005 rack module.

90V SERIES
